12. The information furnished by the DI shows that the existing grants are higher in some cases, than what the rules allow

13 Under Rule 5(c) the grant is not to exceed 2/5 ths of the total expenditure on the school or the total expenditure minus the fee income, according as the fee income is taken as an item of income guaranteed from local sources or not

14 Taking the former interpretation of local income from local sources which is the more favorable to the schools, ~~it is seen that in cases~~ the figures given in the margin show the total expenditure, the grant allowable under the Rule 5(c) & the actual grant. It will be seen that in most cases the actual grant is nearly the maximum allowable under the rules & in some cases it is even more than the maxm

21 I do not understand why this question has been raised at all - Government have not admitted any liability to raise grants-in-aid merely because fees have been abolished in certain classes in their own schools, and I do not think that if the Proprietors of the grant-in-aid Schools follow the example of Govt in abolishing School fees that they are entitled to be compensated by Government To Council -

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 10353 Encls 1 / 682 Bangalore 11th May 1909

From

H J BHABHA Esq, MA
Inspector General of Education in Mysore

To K S Chandrasekhara Iyer Esq BA BL,
Secretary to the Government of H.H.
the Maharaja of Mysore,
General and Revenue Depts
Bangalore.

SIR

R/Edn 290-08-2 With reference to Government Order No 10960 dated the 5th instant, I have the honour to state that after the abolition of fees the Mussulman agencies maintaining Vernacular and Anglo-Vernacular Schools have had to bear more than half their cost which is some what hard upon them I therefore recommend that Government may be pleased to sanction with effect from July 1909 increases of grants amounting to at least half the fee income which has been lost, the other half of the loss being met from the funds

of the Mission Agencies. In the case of schools in which no fees are charged in some or all the classes it is but fair that the cost of such Schools should be shared equally between Government and the aided agencies. I herewith submit a revised list of the schools showing the increase of grant to be paid for each School in accordance with this principle.

2 For the same reason I recommend that an increase of grant amounting to Rs 4½ a month may be sanctioned in aid of the London Mission Anglo-Vernacular School at Anekal which has sustained a loss of fee income of Rs 9 a month

3. With regard to the revision of the grant-in-aid Code referred to in para three of the order, I beg to state that the aided Agencies will have to be consulted in the matter and a Conference called to discuss the revised rules framed. Under these circumstances it is not possible to submit a revised Code for the sanction of Government before October or November next

I have the honour to be,
Sir,
Your most obedient servant,
